

# Product Updates: R17.0, January 2017

## Briox has a new look!

When you log in to Briox this time you will discover a whole new look!

We have focused on modernising the appearance and improving your experience as a user.

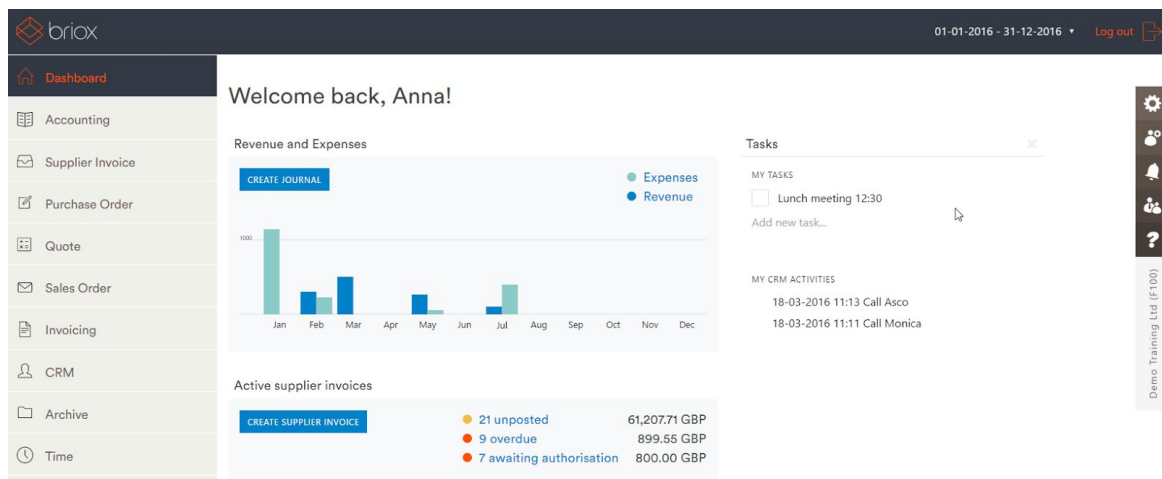

We have new **colours** as well as a new menu structure, now placed on the left side of your screen!

The **Financial year** and **Log out** buttons have been moved to the menu at the top of your screen and are always visible and easily accessible to you when working.

Our numerous widgets have been replaced by **cards**. These act as quick links as well as overviews of what is going on in the different programs you use.

If you do not want to see a certain card, you can dismiss it using the X button. If you regret removing a card you can always click on **Restore Cards** at the bottom of the dashboard.

**We hope you enjoy the changes we have made and hope you want to help us to continue improving by sending us your feedback and suggestions!**

The screenshot displays the Briox dashboard for user Anna. The top navigation bar includes the Briox logo, the date range '01-01-2016 - 31-12-2016', and a 'Log out' button. The left sidebar contains a 'Dashboard' menu and a list of application areas: Accounting, Supplier Invoice, Purchase Order, Quote, Sales Order, Invoicing, CRM, Archive, and Time. The main content area is titled 'Welcome back, Anna!' and features three primary cards:

- Revenue and Expenses:** A bar chart showing monthly revenue (blue) and expenses (green) from January to December. A 'CREATE JOURNAL' button is present.
- Active supplier invoices:** A summary card with a 'CREATE SUPPLIER INVOICE' button and a table of invoice statuses:

Status	Count	Amount (GBP)
21 unposted	21	61,207.71
9 overdue	9	899.55
7 awaiting authorisation	7	800.00
- Tasks:** A 'MY TASKS' section with a 'Lunch meeting 12:30' task and an 'Add new task...' button.

Below the tasks, 'MY CRM ACTIVITIES' lists two calls: '18-03-2016 11:13 Call Asco' and '18-03-2016 11:11 Call Monica'. A vertical sidebar on the right contains icons for settings, notifications, and help, with the text 'Demo Training Ltd (F100)' at the bottom.
