 - Project Number
 - Cost Centre Code
 - Transaction Information

Where: Accounting – Journals- Import

Product Updates: R16.5, December 2016

Accounting/Purchases

Attach files to already posted supplier invoices and journals

You now have the possibility to attach files to posted supplier invoices and journals. Previously the Linked documents section disappeared as soon as you posted your supplier invoice/journal but now it is available after the document has been posted.

Where: Accounting – Journals

Where: Purchases – Supplier invoices
